BEL-RAY LUBRICANTS RECOMMENDED FOR HUSQVARNA MOTORCYCLES

THE LIST OF BEL-RAY LUBRICANTS RECOMMENDED FOR HUSQVARNA MOTORCYCLES IS NOW COMPLETED

Dear Husqvarna Motorcycles importer/dealer,

Our Research & Development Department in Mattighofen has now completed the list of Bel-Ray lubricants, which are recommended for all Husqvarna motorcycles:

For 4-stroke engines / FC and FE (250, 350, 450, 501) from MY 2014 on the following products are recommended:

- § BEL RAY Works Thumper Racing Synthetic Ester 4T Engine Oil 10W50
- § BEL RAY Moto Chill Racing Coolant

For 2-stroke engines / TC and TE (85, 125, 250, 300) from MY 2014 on the following products are recommended:

- § BEL RAY Si-7 Synthetic 2T Engine Oil
- § BEL RAY EXL Mineral 4T Engine Oil (transmission oil)
- § BEL RAY Moto Chill Racing Coolant

Husqvarna Motorcycles GmbH recommends these products as the preferred engine oils for all Husqvarna vehicles manufactured in Mattighofen, Austria (starting from model year 2014 on).

Husqvarna Motorcycles GmbH also recommends Bel Ray service products (e.g. Bel Ray Waterproof Grease, Bel Ray 6 in 1, Bel Ray Blue Tac Chainlube, Bel Ray Foam Filter Oil, Bel Ray Super DOT 4 Brake Fluid, etc...). Detailed informations will be included in the upcoming Husqvarna owners manuals.

As announced in October 2013, Husqvarna Motorcycles GmbH signed a partnership with Bel-Ray Company, Inc. - the leading international specialty lubricants company.

The two companies signed a two-year agreement, effective January 1, 2014, that includes the sponsoring of Motocross Husqvarna Factory Teams for MXGP and MX2 and the title sponsoring of the Enduro World Championship and Extreme Enduro Factory team.

Bel-Ray is Husqvarna Motorcycles' official technical partner and the OEM partner for the first fill on Husqvarna motorcycles manufactured in Mattighofen.

With best regards,
Husqvarna Motorcycles Team
